

# FAIR BOUNDARIES

## ***HOW TO MAKE SURE THE SIGNATURES YOU GATHER ARE VALID***

1. The signer must be registered to vote. They should also be registered to vote at their current address. Make sure you have some registration forms with you. We are happy to deliver completed forms the County Clerk's office.
1. Make sure the printed name is legible and is the same used when voting. You may carefully reprint above or to the side of the name. **Do not alter the signature in any way.**
2. Get a date of birth. Tell the signer that there are many people with the same name so DOB is one way the County Clerks are able to validate their signature.
3. Get an address with City and Zip Code. This also helps with validation.

## ***FREQUENTLY ASKED QUESTIONS***

*Q: Can I collect the signatures of people from different Counties on the same petition?*

A: It all depends on the County Clerks. If you only have one petition, go ahead and get the signature. Many of the Clerks will validate the signatures in their county and forward to other counties. If you have an extra petition and several signers for that county, please start one for that county.

*Q. I'm out of lines on my petition, can't I just copy the back pages and have more people sign?*

A: Each petition is uniquely numbered at the Lt. Governor's office and must not be unstapled, altered, stickered or highlighted. Please contact us, we would be happy to give you more petitions.

*Q: How old do you have to be to collect signatures?*

A: You must be 18 years old.

*Q: I've finished my petitions. What do I do now?*

A: Congratulations! You will need to complete and sign the back page of the petition and then return it to your District Leader or to our office in Salt Lake County. You can find a list of District Leaders on our web site at [www.fairboundaries.org](http://www.fairboundaries.org), or by phoning the office at 801-886-1330.

FAIR BOUNDARIES
